

PRO STATEMENT
Osborn Elementary School District – DAA Override Election

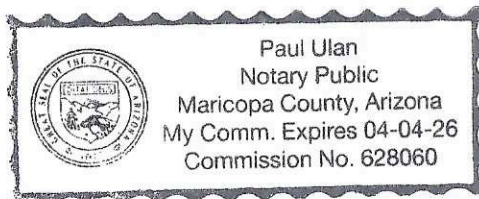

Education opens doors and lifts up families. Here in Arizona and across the country, every child deserves that same opportunity to grow and thrive. One way you can ensure that our kids have that opportunity is by voting YES to renew Osborn's existing District Additional Assistance budget override. Osborn is doing great things for its students, and your YES will enable the district to continue providing excellent early education to our community.

As a former state legislator and now your U.S. Congressman, I am committed to ensuring Arizona's children receive a quality education. I know firsthand how quality education can change a child's life — I was raised by a working-class single mom, and strong public schools made it possible for me to succeed. Now, I am asking Arizona citizens to support their local school districts so every child has that same opportunity.

Osborn continues to offer students a high level of academic achievement with a variety of platforms. Capital override funds will enable the district to maintain existing class sizes, continue essential student programs, and attract and retain quality teachers and staff — all benefit our kids. I encourage you to vote "YES" on Osborn's District Additional Assistance budget override.

Congressman Ruben Gallego

Paul Ulan
