Yes for Osborn Schools PAC
Phoenix, AZ

Re: Osborn School District – Bond (November 7, 2023)

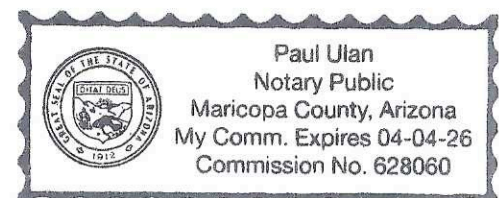

Many of our residents send children to Encanto and Clarendon elementary schools in the neighborhood, which will continue to grow and further their education in the Osborn School District. The North Park Central Neighborhood Association reviewed during a Board Meeting on 8/2/2023 and supports continuation of both (Bond and Additional Assistance).

The continuation of these funds will assure that necessary facility and site improvements, equipment and curriculum needs will not be impacted. Using the funding generated by the override assures teachers and students will have the technology and curriculum support to realize quality learning. In addition, teacher salaries can remain competitive since the maintenance and operations budget will remain untouched.

Please accept the North Park Central Neighborhood Association's support to deploy bond funds that may enhance curriculum, classroom modernization, a nutrition center, energy efficiencies, fixtures, facilities, and grounds upgrade and repair.

Sincerely,

Leigh Padgitt, Co-Chair
North Park Central Neighborhood Association
