

PRO Statement – Osborn Bond 2023

I am extremely proud to have lived in and served the Osborn School District for 39 years as a parent, volunteer, teacher and educational leader. When I retired as Superintendent in 2017, I joined the Osborn Foundation as a volunteer to continue to support Osborn's exceptional educators and students because I strongly believe in Osborn's values of Integrity, Equity, Joy, Growth and Relationships.

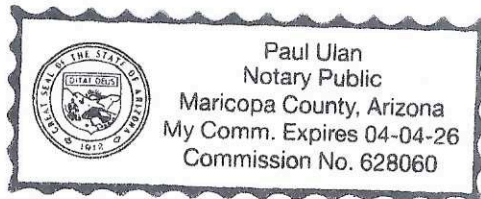

As you know, Osborn School District is one of the highest quality school public school districts in Arizona. While Osborn has worked diligently to perform routine maintenance on all buildings and systems, **funding received from the State is inadequate for necessary repairs, renovations and replacements.** Without bond funds, the district will not be able to maintain and upkeep its beautiful buildings or construct new facilities to meet the future needs of students and the standards this community has come to expect.

As a homeowner, you are well aware that as schools go, so goes the future of our neighborhoods and city. Your YES vote will assure that Osborn's students can grow to become the achievement oriented leaders we need for our tomorrows in renovated, well maintained facilities with updated technology and energy efficient equipment.

Patricia Tate

Osborn School District Superintendent, Retired 2017
