

Pro Statement

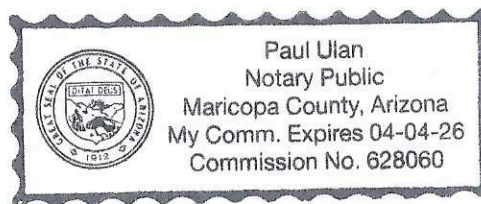

Osborn Elementary School District – bond and DAA override elections

High quality schools serve as the foundation for safe and prosperous communities. They prepare our youth for success; they provide resources to families including continuing education for adults; and they serve as meeting locations for community leaders to improve neighborhoods and move the city forward.

Schools do much more than teach our kids reading, writing, and arithmetic. They ensure the quality future we all aspire to achieve. How we prioritize education and support for our schools speaks volumes about our values as a society.

As Mayor, I campaigned for strong schools throughout our community. In Congress I continue to advocate for students, families and teachers. Public schools are the heart and soul of our community. I hope you will support a strong district doing great things – vote YES YES for the Osborn bond and District Additional Assistance Override. More technology, facility repairs and renovations, increased student security and safety are just a few of the items included in the bond and DAA. Please vote YES YES for Osborn Schools.

Greg Stanton
U.S. Congressman
